Dear Zuleikha,

It was a total delight and honor to do the Dancing across Cultures festival with you. As you know, I created the whole thing because I knew you needed to be here. And I knew that if I could get you here, you would make all the magic happen. And you did, as always.

Zuleikha, you are so beautiful, all the way in and out, with so much love and wisdom to share with the world. Thank you for shining on all of us for that one brief but utterly wonderful + transformative weekend.

I know we'll be in touch and plan other great events. Everyone here sends love, as do I.

Thank you for everything,
and see you soon,

Philippa
